RE: Stormwater Management Waiver for Swisher 60 Subdivision

Dear Josh:

On behalf of 2612 REC, LLC c/o Todd Philipp, who owns parcels 0304326002, 0304301002, 0304351004, 0304376002, 0304351003, and 0304352001 we are filing a combined Preliminary and Final Plat to subdivide his property. The intent is to subdivide the property into 1 buildable lot and 3 outlots, following the extents of the recently approved zoning of the property and the previously identified sensitive features.

An access easement is shown across Outlot "A" for a future drive way onto Highway 965 NW, Secondary Roads has advised that this portion of the road is under the jurisdiction of the City of Cedar Rapids who advised that they would review the new access with the subdivision. An existing driveway is located along 120th Street NW and will be updated, and properly reviewed by Secondary Roads, at such time the property is redeveloped and requires an updated driveway to serve additional lots.

Subsequently to the subdivision filing we will be submitting a site plan for a new building on the proposed Lot 1 which will include the appropriate stormwater management practices for that site. The lot will be served by a well and a new septic system designed with the site plan.

Please feel free to reach out with any questions or concerns.

Respectfully submitted,

Lacey Stutzman
