Inspection Published Comment: Routine inspection conducted.

Report item #5, 2017 Food Code 2-501.11 requires written procedures for employees to follow when responding to vomiting or diarrheal events that involve the discharge of vomitus or fecal matter onto surfaces in the food establishment. The procedures shall address the specific actions employees must take to minimize the spread of contamination and the exposure of employees, consumers, food, and surfaces to vomitus or fecal matter. This facility currently has procedures in place that are not written. Guidance documents have been provided to help the facility write procedures specific to this location. Manager agrees to implement a written procedure by 3/13/25.

The following guidance documents have been issued:

Mike Hemmer Person In Charge
