

# RESIDENT REMINDER

This building is 100% Smoke-free

Management has received complaints about residents smoking right outside of doors and windows which means smoke is getting into common areas and residential units.

For the health and safety of our residents we are strongly considering making the entire property outdoors smoke-free as well. *Please move at least 25 feet away from the building to smoke.*

Please call XXXXX at  
XXX mgment co with  
questions or concerns.
