Inspection Published Comment:

This onsite visit is a recheck in reference to a warning letter sent on 3/11/25. A letter of correction has been issued for violation (#5). See letter for compliance details.

The following items have been corrected:

- #10: No items are stored in front of handwashing sinks. Handwashing sinks are easily accessible.
- #15: Raw proteins and ready to eat foods are stored correctly throughout kitchen coolers to prevent contamination.
- #23: House made and potentially hazardous foods are date marked and kept for less than the maximum 7 days.
- #28: Sanitizers stored in multiuse bottles are labeled with common name.
- #41: Sanitizer buckets are stored at least 6 inches off the ground to prevent contamination. #43: In use scoops are stored with handles outside of contact with food. #56: Employee personal items are stored in designated areas.

Follow-up will be completed on or after 3/31/2025 by Follow Up-Letter of Correction.

The following guidance documents have been issued:
