GOOD RETAIL PRACTICES Good Retail Practices are preventative measures to control the addition of pathogens, chemicals, and physical objects into foods.					
Item Number	Violation of Code	Priority Level	Comment	Correct By Date	
40.	2-303.11	С	Observation: Employees in active sushi prep were observed wearing watches and bracelets. Corrected by: Person in charge had employees removed watches and bracelets to prevent contamination.	COS	

Inspection Published Comment:

Illness complaint inspection conducted for main production kitchen in conjunction with a routine inspection in reference to establishments variance regarding the production of sushi.

Complainant stated that they became ill after eating food from the establishment. Manager was unaware of complaint. Manager stated no employees have reported ill in the past week, no water or electricity outages have occurred, and no malfunctions of equipment were reported around the time of the complaint. The complaint is unverifiable.

The following items are Repeat Risk factor violations. The manager stated they will implement the following long-term corrective actions.

#28: The person in charge agrees to ensure Quaternary sanitizer solutions test at the correct ppm.

Per Johnson County Public Health policy on Repeat Risk Factor Violations items found out of compliance for a third consecutive routine inspection will result in the issue of a Warning Letter
