GOOD RETAIL PRACTICES

Good Retail Practices are preventative measures to control the addition of pathogens, chemicals, and physical objects into foods.

Item Number	Violation of Code	Priority Level	Comment	Correct By Date
-------------	-------------------	----------------	---------	-----------------

Inspection Published Comment:

A physical recheck inspection was conducted. No further action is needed.

Corrections observed during this inspection included:

Item #1 The person in charge was able to answer questions related to employee food handling practices, sanitization procedures, and proper prevention of bare-hand contact with ready-to-eat foods.

Item #9. No barehand contact was observed.

Item #10: All kitchen handwashing sinks of the facility are accessible, used only for handwashing, and supplied with soap and paper towels.

Item #15: Food was stored properly in the correct order.

Item #15 In-house-made bean containers and raw items are covered while stored in the main walk-in cooler.

Item #16 The person in charge discarded the damaged tabletop can opener.

Item #17 No adulterated food was observed in the walk-in cooler.

Item #23 All the containers of prepared foods and sauces have the date marking of the preparation date.

Item #28 No medicine bottles were observed stored on or by food items.

The following guidance documents have been issued:
