Inspection Published Comment:

Food Service Establishment Pre-opening inspection.

LICENSE IS APPROVED

Scope of Business: Establishment is a bar serving only prepackaged commercial snacks, frozen prepackaged pizza cooked only when ordered, and mixed drinks.

Limitations: Facility is approved for prepackaged commercial snacks, frozen prepackaged pizza cooked only when ordered, mixed drinks, and prepackaged drinks. Significant menu changes require prior approval from JCPH.

Certified Food Protection Manager (CFPM): Due to the facility's limited menu and in accordance with Iowa Code requirements for CFPM exemptions, the establishment is currently exempt from CFPM requirements. Should the facility's menu change, the need for CFPM certification will be re-evaluated.

Firm has been made aware of the basic food code requirements applicable to their establishment and current operation. Person in charge understands the responsibility of the permit holder to comply with those requirements. If subsequent on-site inspection reveals non-compliance with regulations, the permit holder agrees to bring violations into full compliance within the time frame specified in the Iowa Food Code.

The following guidance documents have been issued:
