HART-FREDERICK CONSULTANTS P.C.

ENGINEERS & SURVEYORS

28 July 2026

Mr. Josh Busard
Johnson County Zoning Director

Re: Wapsi Creek View, for Kent & Joy Short
a Farmstead Split

Dear Josh:

Attached please find the application and accompanying documents for a Farmstead Split application for the Short's.

At this time they would like to split off this portions of their property for a the residence and area around for a Lot 1. This lot has access to Wapsi Ave. NE, with water and septic to be established.

If you have questions or if you require further information you may contact myself, Attorney: Casey Rigdon or Kent Short.

Respectfully Submitted,

J. Scott Ritter, LLS
Hart-Frederick Consultants P.C.

WAIVER RESPONSE

Date: June 23, 2026
To: Hart-Frederick Consultants; Attn. Chuck Schmidt
From: Kasey Hutchinson, Environmental Regulations Coordinator
Re: Waiver Request, PPN 0821301001

Recently, your firm submitted a request to waive the Sensitive Areas requirements for a subdivision, PPN 082130100. After review, the PDS Administrative Officer has issued the following decision regarding the request:

Request to waive Stormwater Management: **With Building Permit**

Stormwater management planning will be required with any future building permit.

Request to waive Sensitive Areas: **Partial Approval**

- Waiver has been requested and approved for all sensitive areas with the exception of Wetlands and Woodlands.
 - The property contains a wooded area that is contiguous with a larger wooded area of greater than 2 acres. Therefore, woodlands cannot be ruled out on desktop analysis alone, and this area should be assessed.
 - There is a pond located within the subdivision boundary. The pond margin should be assessed for the presence of wetland indicators.
 - The results of these assessments should be provided with the subdivision application.
- This subdivision is exempt from the Historic Properties Requirements.

Please contact me at khutchinson@johnsoncountyiowa.gov if you have any questions.

Respectfully,

Kasey Hutchinson
Environmental Regulations Coordinator

**See accompanying letter for explanation for specific requirements.

Initial or check each item below to confirm that you are aware of the submittal requirements for a waiver request application to be considered complete.

A waiver request fee of \$50 due at time of submittal.

A written narrative explaining the request.

Supporting documentation to justify waiver approval for each sensitive area for which waiver is being requested (see below).

Examples of supporting information for each of the sensitive areas is listed below. Information additional to this may be necessary to sufficiently illustrate the absence of sensitive areas. If provided information does not confirm the absence of the sensitive area(s), the waiver request will be denied. The list below is meant to illustrate *potential* supporting information, and should not be construed as a complete list, or that including the provided items will guarantee waiver approval. **Please initial or check each sensitive area for which material has been provided in support of the waiver request.**

Critical Wildlife Habitat: documentation, such as aerial photographs, showing absence of potential habitat for Threatened and Endangered species.

Floodplain and Floodway: FEMA map showing absence of floodplain and floodway.

Historic Properties: letter from the Office of the State Archaeologist indicating that survey is not warranted. Residential subdivisions which propose no more than one buildable lot and no more than three outlots are exempt from Historic Properties requirements.

Prairie and Prairie Remnant: aerial photographs showing history of row crops.

Savanna and Savanna Remnant: aerial photographs showing absence of open-grown trees.

Significant Slopes: soil survey map showing absence of soils characterized by excessive slopes and/or contour map showing slopes less than 25%.

Stream Corridors, Watercourses, and Surface Water Bodies: U.S. Geological Survey Quadrangle Map showing absence of a blue line river, stream, or drainageway, and aeriels showing the absence of watercourses and surface water bodies.

Wetlands: National Wetlands Inventory (NWI) map showing absence of wetlands, soil survey map showing absence of hydric soils, and contour map showing absence of a geomorphic setting supportive of wetlands (e.g. depression, drainageway, surface water body, etc.).

Woodlands: aerial photographs showing absence or sparse distribution of trees.
