Friday, May 10th, 2024

For Immediate Release

### **F28 (Penn St NW) and James Avenue intersection to close week of May 20th, 2024 Project #2112202190**

**Johnson County, Iowa** – Weather permitting, Phase 1 critical closure for improvements to the intersection of F28 (West Penn Street) and James Avenue are expected to begin Monday, May 20th, 2024 in Sections 9 and 10, Township 80 North, Range 07 West, Madison Township, Iowa. The intersection will be closed for up to 40 calendar days. F28 (West Penn Street) from Herky Drive to the James Ave intersection will remain closed to all traffic until Phase 2 work is completed. Travelers should use the posted detour route and allow extra time to reach their destination. Phase 1 detour plans can be found on Sheet J.03, here on our Johnson County Secondary Roads Construction Update page: <https://www.johnsoncountyiowa.gov/sites/default/files/inline-files/Detour%20Plans.pdf>. This is a joint project between the city of North Liberty and Johnson County.

Despite significant weather delays during the past several weeks, construction is still expected to be substantially complete by the end of August. Peterson Contractors, Inc. of Reinbeck, Iowa is the prime contractor and can be reached at 319-345-2713.

Please slow down and drive defensively within the project corridor. Your patience and understanding are greatly appreciated while we work to complete these improvements as quickly as possible.

For additional updates on this project, visit the city of North Liberty's website at [northlibertyiowa.org](http://northlibertyiowa.org).
